World Ocean Day

As part of celebrating World Ocean day on 8th June, in Art and Photography our students have been learning about the importance of caring for our oceans and creating some great art in response!

Forest School

Please can all students wear long trousers to forest school. We are entering into tick season! After Forest School, please ask your child to check their bodies. Ticks usually like warm crevices such as the groin area, backs of knees. If they find any please remove according to current guidance.

Here is some additional info about how to remove ticks – may scare them so share if appropriate.
